Competition 2026

Closing Ceremony

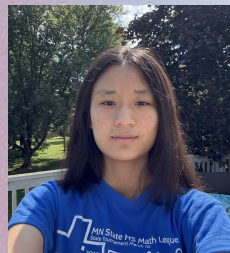

Minnesota Youth Math Outreach Team:

Angie Huang, Michael Luo, Austin Wang, Jefferson Zhou, Taison Scofield, Zack Berchenko, Sneha Kundu, Sam Kretzschmar, Eric Ding, Andreas Walexon, Addison Shi, Jack Gao, Allison Zhang, Ansh Singh

August 22nd, 2026

OUR TEAM

Competition Sponsors

A huge thanks to the following sponsors for making the competition possible!

Jane Street

Jane Street

Jane Street is a quantitative trading firm with offices worldwide. We hire smart, humble people who love to solve problems, build systems, and test theories. You'll learn something new every day in our office—whether it's connecting with a colleague to share perspectives, or participating in a talk, class, or game night. Our success is driven by our people and we never stop improving.

LIVE, by Po-Shen Loh

The first and only online math course that captivates, entertains, and inspires. Invented by legendary math coach Po-Shen Loh. Taught by instructors who are not only brilliant at math but also skilled in performance arts. Sign up for a trial class to shatter your expectations for mathematics at

<https://live.poshenloh.com/trial-class>.

Hudson River Trading

Hudson River Trading is a multi-asset class quantitative trading firm that provides liquidity on global markets and directly to our clients. We have built one of the world's most advanced computing environments for research and development, modeling, and risk management, and are at the forefront of technical innovation for financial markets everywhere. We are thoughtful market leaders, committed to the health and longevity of global markets.

MATH PRIZE FOR GIRLS

Math Prize for Girls

The Advantage Testing Foundation/Jane Street Math Prize for Girls is the largest math prize for girls in the world. Each fall at MIT, about 250 young female mathematicians compete in our challenging test of mathematical creativity and insight. Our goal is to promote gender equity in the STEM professions and to encourage young women with exceptional potential to become mathematical and scientific leaders.

Competition Sponsors cont.

Minnesota MATHCOUNTS

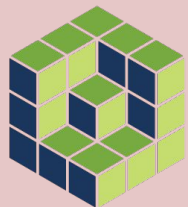

At Minnesota MATHCOUNTS, we build confidence and improve attitudes towards math and problem solving! Our focus is middle school, and through coaching, competition, and more, we bring together students across Minnesota and the country through math. Learn more at www.mathcounts.org.

Minnesota State High School Mathematics League

The Minnesota State High School Math League exists to identify students with exceptional interest and/or mathematical ability, give them recognition and encouragement, bring them together with similarly motivated students, and introduce them to topics not commonly taught in the high school curriculum.

AoPS

Art of Problem Solving

Art of Problem Solving

Art of Problem Solving is a leader in advanced math education, dedicated to discovering, inspiring, and training the next generation of problem solvers. Through its online school, textbooks, learning centers, and vibrant student community, AoPS helps motivated students build deep mathematical understanding and resilience. Its programs have supported generations of students in developing the skills needed for math competitions, STEM research, and future academic success.

WOLFRAM

Wolfram

Wolfram is a global leader in computational technology, best known for creating Mathematica, Wolfram Alpha, and the Wolfram Language. Through its powerful tools for computation, data science, modeling, and AI, Wolfram helps students, researchers, educators, and professionals explore complex ideas and solve real-world problems. Its technology has become an important resource across mathematics, science, engineering, and education, supporting deeper learning and innovation at every level.

Competition Sponsors cont.

XTX Markets

XTX Markets is a leading algorithmic trading firm which uses state-of-the-art machine learning technology to produce price forecasts for over 53,000 financial instruments across equities, fixed income, currencies, commodities and crypto. Since 2020, XTX Markets has committed over £400 million to charities and non-profit partners, establishing the firm as a major philanthropic donor in the UK and globally. The firm's philanthropy focuses on advancing mathematics education and research, having committed over £90 million in grants to UK charities and education institutions, with the aim of supporting more students to progress to degrees, PhDs and highly-skilled careers in maths, especially those from low-income backgrounds.

DRW is a diversified trading firm with over 3 decades of experience bringing sophisticated technology and exceptional people together to operate in markets around the world. We value autonomy and the ability to quickly pivot to capture opportunities, so we operate using our own capital and trading at our own risk.

Awards

We will give out the following awards during the closing ceremony. A huge thanks to our sponsors for contributing to this list!

1

Monetary awards for top individuals and medals for top teams from each division

2

LIVE, by Po-Shen Loh
+ AoPS + Vikings raffles

Individual Awards

1st: \$200

2nd: \$100

3rd: \$60

4/5th: \$50

Top Teams

Division II:

- 3rd Place: II-5, 182.1200

Caroline Yang, Sophia Yu, Devan Liu, Grace Gu

- 2nd Place: II-2, 221.7294

Prathiyush Giritharan, Jensen Li, Jimmy Zhai, Evan Luo, Anthony Wang

- 1st Place: II-1, 326.3175

April Xu, Olivia Lin, Emily Zhang, Abigail Shi, Penelope Roberts

Top Teams

Division I:

- 3rd Place: I-4, 234.9160

Derrick Gu, Manvith Padala, Keyu Wang, Adrian Lu, Daisy Wei

- 2nd Place: I-3, 253.6009

Kylan Francis, Luca Francis, Eric Luo, Nicolas Trujillo

- 1st Place: I-6, 368.6767

Roger Yang, Katie Lu, Hu Hong, Ethan Kim, Dev Neelamegam

Individuals

We did the following for each student in Division II, starting from the top scorer:

Move a student up to Division I if and only if they would be top 5 for Division I afterwards and their placement is at least as good in Division I than Division II.

Top Individuals

Division II:

- 5th Place: Kevin Nie, 16.7546
- 4th Place: Evan Luo, 20.70746
- 3rd Place: William Deng, 20.75097
- 2nd Place: Penelope Roberts, 23.45441
- 1st Place: Dev Neelamegam, 23.46934

Top Individuals

Division I:

- 5th Place: Jensen Li, 20.65981
- 4th Place: Ethan Kim, 31.09667
- 3rd Place: Eric Luo, 32.22485
- 2nd Place: Nicolas Trujillo, 35.31311
- 1st Place: April Xu, 37.43548
